Understanding Our Portfolio Overview

Portfolio Overview

01. Company Profile

Establishment, vision, mission, and core capabilities in industrial insulation and scaffolding.

02. Service Offerings

Comprehensive services including insulation, HVAC, Duct & Duct insulation, Accoustic insulation and specialized scaffolding solutions.

03. Scaffolding Infrastructure

Extensive inventory of Cup Lock systems and specialized equipment for large-scale industrial projects.

04. Project Portfolio & Awards

Prestigious ongoing projects with major national and multinational clients, recognized for safety excellence.

Company Mission & Vision

jcinsuation.in

Understanding Our Mission

Mission & Vision

To be the insulation efficient company of choice, delivering ethical practices and time-bound integrated solutions while exceeding client expectations and maintaining respectful relationships with all stakeholders.

Expert Team

Well-qualified and experienced engineers combined with trained technical staff managing complex industrial projects efficiently and professionally.

Client Focused

Known for quality execution, timely delivery, and economic efficiency resulting in repeated client orders from national and multinational organizations.

Value Engineering

Utilizes effective practices and value engineering to deliver assigned construction projects with mutual trust and ethical business practices.

Excellence in Safety & Operations

jcinsuation.in

Operational Excellence

- Advanced Cup Lock scaffolding systems
- Proven track record with major industries
- Trained technical workforce
- Timely project execution

Safety Recognition

- Bayer Merit Award for Contractor Performance
- 53rd National Safety Week 2024 recognition
- Consistent focus on site safety
- Industry-leading safety standards

Awards & Industry Recognition

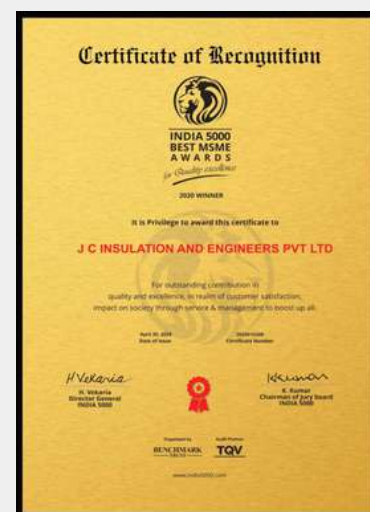

jcinsuation.in

Industries Safety Award

- Recognition for safe insulation work
- 71 meter distillation column (2 nos.) Project
In just 28 days along with scaffolding work
- Demonstrated high safety standards
- Premium quality execution

Performance Excellence

- Merit Award for Contractor Performance
- 2023 Recognition - Small Group Category
- National Safety Week 2024 honor
- Commitment to safe work practices

Business Model Overview

Understanding our operational framework

Revenue Streams

Our company generates revenue primarily from projects and maintenance ARC works contracts. This approach ensures a steady income stream and enhances our ability to adapt to market fluctuations.

Target Market

We focus on a broad audience, targeting both individual consumers and businesses across various sectors, allowing us to capitalize on emerging trends and maximize our market presence.

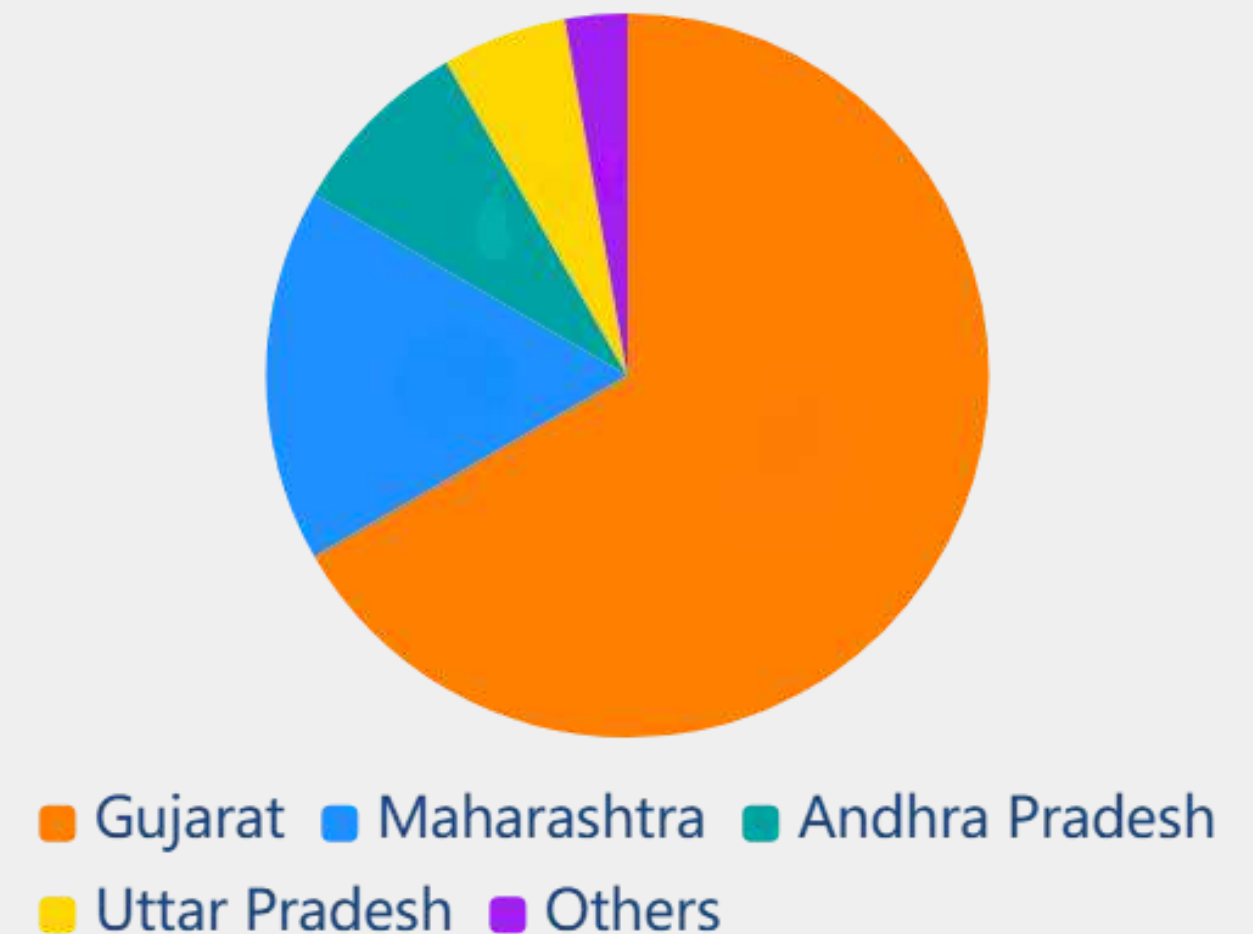

Geographic Presence & Market Reach

jcinsuation.in

Pan-India Operations

With operations spanning multiple Indian states, JC Insulation has established strong market presence and long-term client relationships across the industrial sector. Gujarat serves as the primary operational hub with over 60% of documented clients.

The company's geographic diversification ensures rapid response capability and localized expertise while maintaining consistent quality standards across all regions.

Ongoing Project Portfolio

jcinsuation.in

Portfolio Highlights

- Projected valuation exceeding 50 crores annually
- Geographic presence in seven Indian states
- Combination of national and multinational organizations
- Sectors include refinery, chemical, pharmaceutical, and textile industries

JC Insulation boasts a strong and varied project portfolio, with a total ongoing value of ₹66.25 Crores spanning various industrial sectors and geographic areas.

Competitive Advantages

jcinsuation.in

Infrastructure & Capacity

12,000+ scaffolding pipes, 2,500+ planks, 300+ Cup Lock blocks providing unmatched project capability and rapid deployment.

Safety & Quality

Industry-recognized awards for safety excellence, value engineering practices, and commitment to ethical business standards.

Expert Team

Well-qualified engineers and trained technical staff with decades of experience in complex industrial projects across multiple sectors.

Client Relationships

Established partnerships with 100+ clients including leading national and multinational organizations resulting in repeated project awards.

Comprehensive Service Portfolio

jcinsuation.in

J.C. Insulation & Engineers provides integrated solutions across multiple industrial sectors including refineries, chemical plants, power plants, textiles, and medical manufacturing facilities.

Service Category	Key Services	Applications	Scope
Insulation Services	Hot & Cold Insulation, Ceiling Insulation	Pipes, Equipment, Buildings	Comprehensive coverage
HVAC Systems	Ducting Design & Erection, AHU Installation	Industrial & Commercial	Design to execution
Specialized Work	Wrapping & Coating, Industrial Painting	Protection & Aesthetics	Premium finishing
Technical Services	Refractory Work, Acoustic Insulation	High-temperature areas	Specialized expertise
Scaffolding	Cup Lock Systems, Pipe Scaffolding	Construction Support	Large-scale projects

Why Choose JC Insulation

jcinsulation.in

Proven expertise

comprehensive solutions

unwavering commitment to
excellence and safety
